## Защита лабораторной работы №3

## Листинг программы:

```
#include "mainwindow.h"
#include "ui mainwindow.h"
#include <QStandardItemModel>
MainWindow::MainWindow(QWidget *parent)
    : QMainWindow(parent)
    , ui(new Ui::MainWindow)
    ui->setupUi(this);
   ui->temp->setText(ui->comboBox->currentText());
    for (int i=0; i<ui->comboBox->count();i++) {
        ui->listWidget->addItem(QString(ui->comboBox->itemText(i)));
   ui->listWidget->setCurrentItem(ui->listWidget->item(0));
}
MainWindow::~MainWindow()
    delete ui;
void MainWindow::on comboBox currentIndexChanged(int index)
    if (ui->listWidget->currentRow()>=0) {
     ui->temp->setText(ui->comboBox->currentText());
     ui->listWidget->setCurrentRow(index);
}
void MainWindow::on listWidget currentRowChanged(int currentRow)
    if (ui->listWidget->currentRow()>=0) {
     ui->comboBox->setCurrentIndex(currentRow);
     ui->temp->setText(ui->comboBox->currentText());
    this->setStyleSheet("background-color: "+ui->comboBox-
>currentText()+";");
}
void MainWindow::on pushButton clicked()
    int index = ui->listWidget->currentRow();
   ui->listWidget->takeItem(index);
   ui->comboBox->removeItem(index);
   if (ui->listWidget->currentRow()<0) ui->temp->setText("");
}
void MainWindow::on pushButton 2 clicked()
```

```
{
    ui->listWidget->addItem(ui->lineEdit->text());
   ui->comboBox->addItem(ui->lineEdit->text());
    ui->lineEdit->setText("");
void MainWindow::on pushButton 4 clicked()
    ui->listWidget->item(ui->listWidget->currentRow())->setText(ui->lineEdit-
>text());
   ui->comboBox->setItemText(ui->comboBox->currentIndex(),ui->lineEdit-
>text());
    ui->lineEdit->setText("");
void MainWindow::on pushButton 5 clicked()
    QApplication::quit();
void MainWindow::on pushButton 3 clicked()
    QListWidgetItem *item = new QListWidgetItem;
    item->setText(ui->lineEdit->text());
    if (ui->listWidget->currentRow()<ui->listWidget->count()-1)
        ui->listWidget->insertItem(ui->listWidget->currentRow()+1,item);
    else
         ui->listWidget->insertItem(ui->listWidget->count(),item);
   ui->comboBox->insertItem(ui->comboBox->currentIndex()+1, ui->lineEdit-
>text());
   ui->lineEdit->setText("");
```
